

“The music entertainment you select for your wedding or party is responsible for 80% of the events’ success and the memories you will have for the rest of your life.”

- Martha Stewart, Martha Stewart Living

Electro-Magic Entertainment for Life’s Celebrations

AN EVENING OF ELECTRO-MAGIC

Congratulations - It's your wedding day! Your new life together will be filled with poignant and joyful moments... should your wedding reception be any different?

Would you be surprised to know that the most common word used to describe the Bride and Grooms ideal day is "FUN" with "elegant" and "unique" rounding out the top 3? This requires a trained, experienced, professional entertainment company that will help plan, organize, and time the sequence of each part of your wedding reception party with the highest level of skill.

Electro-Magic has provided expertly trained disc jockey service for almost three decades. We not only provide music and lighting for your special day, but have a perfect format for the guest involvement needed. The professional entertainment team of experts at Electro-Magic will help you create your vision and design the perfect wedding day leaving you and your guests with memories that will last a lifetime!

All packages have the same excellent quality but are differentiated by the features offered in each package. Electro-Magic can provide your celebration with the perfect music, video entertainment, selections of sound and lighting equipment plus, capture the emotions with our professional LIVE Videography service. We also offer additional sound systems to be used independently, so there is a seamless flow of music and entertainment from the ceremony, to the cocktail hour, and to your reception.

Lighting can enhance the subtle details and ambiance at your wedding reception. Electro-Magic can provide the perfect wedding lighting to enhance any location or special event. We will cater to your every lighting desire from LED fixtures to moving lights, follow spots to intelligent lighting systems, and lasers to strobes giving your event that personal and unforgettable touch. Our extensive and unparalleled inventory of professional & reliable lighting systems will have you feeling as if you are celebrating in the stars.

You are encouraged to mix and match services to create a package that meets your needs. Most important, we recognize it is your wedding and we must, and will, do whatever possible to please you.
